

Make Bottom Line Profits Your Top Priority with

Five Seasons **Electronic Air Cleaners**

Sold world-wide, Five seasons High Efficiency Electronic Air Cleaners are the most effective solution for a cleaner, healthier environment where everyone can work and relax together.

The SSC Series Air Cleaners are designed for ceilings in bars, pubs, restaurants, bingo halls, designated smoking rooms, conference rooms and open concept offices.

They remove up to 95% of tobacco smoke, cooking smoke, dust, mold, bacteria, viruses and more.

The SSC-15's clean, contemporary styling or the SSC-7's sleek, hi-tech look will fit in with any decor.

produces clean air without polluting the earth with throwaway filters

CLEAN AIR IS YOUR ANSWER TO...

• Bigger Profits

Your customers will dine more comfortably. They will eat more, drink more and come back more often.

• Increased Employee Productivity and Morale

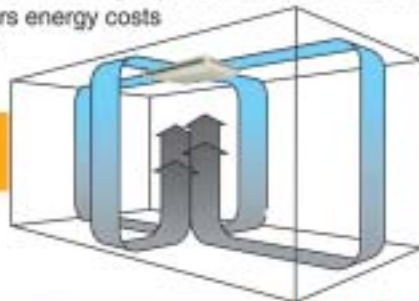

Employees will suffer less from irritated eyes, nasal congestion and respiratory problems that lead to absenteeism.

• Reduced Housekeeping and Redecorating Costs

Ceilings, walls and furnishings will be protected from those very small black and greasy particles which cause staining. Protects expensive electronic equipment.

• Lower Energy Bills

Recycling rather than exhausting expensive heated or cooled air substantially lowers energy costs by as much as 2/3's.

COANDA AIR FLOW

How The Air Cleaner Works

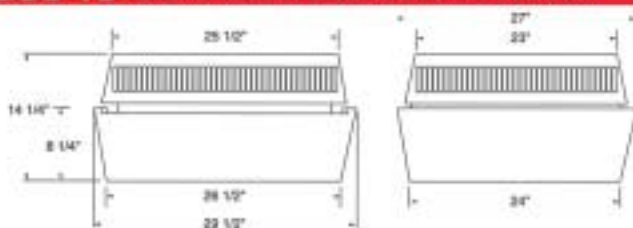

Electrostatic Precipitation 3 Stage Filter System

- 1. Dirty, Smoky Air** is drawn in through the bottom grill and prefilters which capture large particles of dirt.
- 2. Electrostatic Collecting Cell** charges pollutants with a high voltage and attracts them to the grounded collecting plates, where they adhere like a magnet until washed away.
- 3. Clean Air** is then dispersed from the side grills in four directions allowing for a circular air flow pattern. Unlike flush-mount air cleaners, these models do not short cycle.

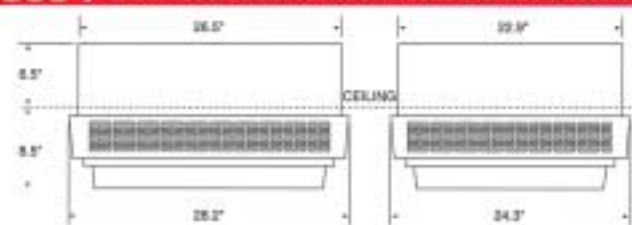

SPECIFICATIONS

SSC-15 CEILING MOUNT ELECTRONIC AIR CLEANER

Unit Weight	43 kg	95 lbs
Input Voltage	120 V / 60 Hz, 220 - 240 V / 50 Hz	
Power Consumption (Maximum)	3.5 amps	
Air Flow	High	2210 m ³ /hr 1300 cfm
	Medium	1785 m ³ /hr 1050 cfm
	Low	1275 m ³ /hr 750 cfm
Colours Available	Dark Grey/Off White	
Motor	1/12 hp	
Controls	<ul style="list-style-type: none"> • 3-Speed Fan Control • ON/OFF Power Switch controls High Voltage to Collecting Cells • Performance Indicator Light shows unit is operating properly 	
Cabinet	<ul style="list-style-type: none"> • Scratch Resistant Powder Coat Finish with Mounting Holes 	
Options Available	<ul style="list-style-type: none"> • Remote Control 	

SSC-7 SEMI-FLUSH CEILING MOUNT ELECTRONIC AIR CLEANER

Unit Weight	32 kg	70 lbs
Input Voltage	120 V / 60 Hz, 220 - 240 V / 50 Hz	
Power Consumption (Maximum)	1.5 amps	
Air Flow	High	1210 m ³ /hr 712 cfm
	Medium	877 m ³ /hr 575 cfm
	Low	748 m ³ /hr 440 cfm
Colours Available	Dark Grey/Off White	
Motor	1/33 hp	
Controls	<ul style="list-style-type: none"> • 3-Speed Fan Control • ON/OFF Power Switch controls High Voltage to Collecting Cells • Performance Indicator Light shows unit is operating properly 	
Cabinet	<ul style="list-style-type: none"> • Scratch Resistant Powder Coat Finish with Mounting Holes 	
Options Available	<ul style="list-style-type: none"> • Remote Control
